Armory Registration Schedule

Priority for New Students and Special Problems

Newly admitted, reinstated and readmitted students who were unable to preregister and those students meeting the criteria for Schedule II will have priority admission to the Armory. This priority access is designed to: 1) help eliminate the overcrowding in the Armory, 2) enable students who really need courses (new registrants and people with partial schedules) the opportunity to register first, and 3) encourage students to take advantage of preregistration and thus avoid the necessity of going to the Armory.

SCHEDULE I — Nonpreregistered newly admitted, readmitted, and reinstated students
Thursday, January 20 — 8:30 a.m.-1:55 p.m.

This schedule will apply to newly admitted, and reinstated students who did not preregister. Students in this category should report directly to Reckord Armory according to the alphabetic schedule. Newly admitted students and reinstated students must present their Letter of Admission/Reinstatement signed by their Provost, Dean, or designated representative, to be permitted to enter the Armory. Readmitted students must present their letter of Readmission to be permitted to enter the Armory. While advisement is not a prerequisite for Armory admission for readmitted students, these students are strongly urged to take advantage of campus advisement offices. **Only students who had no opportunity to preregister may register according to this schedule.**

Step 5 — How To Pay Your Bill

IF YOU DID NOT PREREGISTER	IF YOU DID PREREGISTER
Complete academic course sectioning. Complete the Student Bill Form given to you upon entrance to the Bill Paying Area at Station #1. Go to Student Aid Desk if you have any form of student aid financial support coming to you. Go to the Bill Processing Area — Station #2 to get bill added and obtain a payment card. Make out your check at the Check Writing Tables, Station #4. *Write student's name and social security number on the front of the check.* Pay the Cashier at Station #5. Turn in all course slips at the Final Registration Desk, Station #6, as you exit the main floor of the Armory. Registration is not official until "Registrations" (hard copies) of add forms are turned in. A graduate student or part-time undergraduate who returns to add course(s) which result in a net increase to his/her account must pay this amount by January 21, 1983.	Make any academic schedule adjustments. Do not enter the Bill Paying Area enclosure. Drop tuition payment in box at the Bill Paying Area entrance gate unless you require change from a check. *Be sure student's name and Social Security Number is written on the front of your check.* If you require a change or a receipt, go to the Cashiers Window in the South Administration Building and make your payment. Any drop/add which results in a net increase for your account must be paid by January 21, 1983. Any preregistered student whose bill is to be paid by an outside agency is requested to come to Room 1103, South Administration Building with a copy of the Agency Purchase Order prior to Registration to receive contract credit. The cut-off date for acceptance of all contracts is January 21, 1983. The student remains responsible for fees if not paid by sponsor. Exit via the rear door of the Armory.

Bills for payment of fees were mailed in December 1982 to students who preregistered for Spring 1983. Since the University has no deferred payment plan, PAYMENT IN FULL MUST BE MADE NO LATER THAN JANUARY 10, 1983. **Students who register in the Armory or during late registration must be prepared to pay their bills in full at the time of registration.**

Students who did not preregister and do not pay their bills while in the Armory have not completed registration. The Late Registration Fee ($20.00) is charged beginning January 24, 1983.

For additional information on fees and expenses, refer to pages 13 and 14.

Financial Aid Checks (NDSL, BEOG, SEOG)

Students who did not preregister may pick up their financial aid checks in the Armory after securing add slips for at least 12 credits on January 20 or 21.

*Preregistered students may receive their checks in the Armory on January 24 and 25.

Students who expect financial aid checks, including Guaranteed Student Loan checks, can determine if checks are available by looking at the list posted at the entrance to the Armory during Registration, and, thereafter, posted and updated daily in the lobby of the South Administration Building.

All students must present proof of the required credit hours and their plastic transaction card or driver's license before a check can be disbursed.

On January 20 and 21, Alphabetic Schedule for entrance to Armory is in effect.

Step 6 — What To Do in the Armory Basement

Identification Cards

Students entering the Armory basement from the upper arena will be directed to the Photo Identification Stations where they will be photographed and/or issued their Registration Card. Students who received Photo Identification Cards since the Fall.1976 semester should continue to use them. Preregistered students who need only to replace an ID Card may enter the Armory basement at the side facing the North Administration Building.

Deadlines for Graduate Students and Part-time Undergraduates

Full-time undergraduate students do not receive a refund for courses dropped if the total number of credits for which they are registered remains 9 or more.

PRIOR TO THE FIRST DAY OF CLASSES, JANUARY 20-21, if a full-time undergraduate student drops a course or courses, thereby changing the total number of credits for which the student is registered to *8 or less*, charges for the semester will be assessed on the basis of the per credit hour fee for part-time students. However, if the student later adds a course or courses, thereby changing the total number of credits for which the student is registered to *9 or more*, the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

If during the FIRST FIVE DAYS OF CLASSES, JANUARY 24-28, a full-time undergraduate drops a course or courses thereby changing the total number of credits for which he/she is registered to eight or less, charges for the semester will be assessed on the basis of part-time charges plus 20% of the difference between the full-time fees and appropriate part-time charges. After the first five days of classes, there is no refund for changing from full-time to part-time status.

FEBRUARY 7 AND AFTER — $2.00 fee is assessed for *each* drop processed (to be billed).

This applies to both graduate and undergraduate students.

Refund Schedule for Dropping Courses
Graduate Students and Part-time Undergraduates

Both graduate students and part-time undergraduates are charged by the credit hour. A percentage charge and/or complete charge for the course may be imposed if the deadlines indicated below are not followed.

1. January 20 and 21 (prior to the first day of classes).....100% refund
   There will be no charge for courses *dropped* on these two days
2. January 24-28 (first five days of classes).....80% refund
   There will be a 20% charge imposed for courses *dropped* during this period.
3. January 31 and after.....0% refund
   Student will incur full charge for courses *dropped* during this period.
4. February 7 and after: a $2.00 charge is imposed for *each* drop processed (to be billed).

Students who wish to drop one course and add another at the same credit level must accomplish both transactions on the *same* day to insure additional charges are not imposed.

NOTE: A drop of one course and a credit level change of equal amount in another course, even if accomplished on the same day, *is not* considered an "even exchange" and appropriate charges for both courses will be imposed.

Cancellation of Registration

Students who preregister or register and later decide not to attend the University must **CANCEL** their registration **BY JANUARY 21, 1983.** Failure to cancel registration will result in financial obligation to the University even though the student does not attend class.

To Cancel Your Registration on or before January 21:

1. Your cancellation request must be received in writing by:
   Office of Registration — Rm. 1130.
   North Administration Bldg., University of Maryland
   College Park, Maryland 20742

Since the University can honor only those requests for cancellation which are actually received by January 21, requests should be sent by Registered Mail. PLEASE INCLUDE STUDENT'S SOCIAL SECURITY NUMBER ON ALL CORRESPONDENCE.

2. For additional information concerning cancellation call the Registrations Office, 454-2336.

Reclassification to In-State Status

Please note that the Board of Regents approved a new policy for Determination of In-State Status for Admission, Tuition and Charge-Differential purposes effective Fall 1982. If you wish to challenge your out-of-state classification you may do so by filing a timely Petition. The deadline for meeting all requirements for an in-state and for submitting all documents for reclassification is the last day of late registration for the semester you wish to be classified as an in-state student.

Deadlines

Summer Session I, 1983.....June 7, 1983
Summer Session II, 1983.....July 18, 1983
Fall 1983 Semester.....September 14, 1983

It is imperative that students who wish to request a review of their eligibility for an in-state classification submit the required documents to the appropriate office as soon as possible. The volume of requests for reclassification may necessitate a delay in completing the review process. It is hoped that a decision in each case will be made within ninety (90) days of receipt of a request for redetermination and all necessary documentation. During this period of time, or any further period of time required by the University, fees and charges based on the previous determination must be paid. If the determination is changed, any excess fees and charges will be refunded. It is to your advantage to apply early.

Intentional and unauthorized falsification or invention of any information or citation in an academic exercise.

Comments:

1. "Invented" information may not be used in any laboratory experiment or other academic exercise without notice to and authorization from the instructor.
2. One should acknowledge reliance upon the actual source from which cited information was obtained.
3. Students who attempt to alter and resubmit returned academic work without notice to the instructor would be in violation of this section.

C. FACILITATING ACADEMIC DISHONESTY

Internationally or knowingly helping or attempting to help another to commit an act of academic dishonesty.

Comment:

For example, one who knowingly allowed another to copy from his or her paper during an examination would be in violation of this section.

D. PLAGIARISM

Intentionally or knowingly representing the words or ideas of another as one's own in any academic exercise.

Comments:

1. *Direct Quotation:* Every direct quotation must be identified by quotation marks or by appropriate indentation and must be promptly cited in a footnote. (Proper footnote style for many academic departments is outlined by the MLA Style Sheet or K.L. Turabian's, *A Manual for Writers of Term Papers, Thesis and Dissertations*).
2. *Paraphrase:* Prompt acknowledgement is required when material from another source is paraphrased or summarized in whole or in part in your own words.
   A footnote acknowledging only a directly quoted statement does not suffice to notify the reader of any preceding or succeeding paraphrased material.
3. *"Borrowed Facts or Information":* Information obtained in one's reading or research, which is not common knowledge among students in the course, must be acknowledged.
   Materials which contribute only to one's general understanding of the subject may be acknowledged in the bibliography and need not be immediately footnoted.

II. Disciplinary Procedures

Referral and hearing procedures are set forth in the publication "*Academic Dishonesty*" available in the Judicial Programs Office, 2nd floor, North Administration Building (x2927).

III. Penalties

The Code of Student Conduct provides that any act of academic dishonesty, including a first offense, will place the student in jeopardy of "suspension from the University, unless specified miligating factors are present" (part eleven). A repeated violation, or the more serious first offense, may result in expulsion.

Disciplinary records for any act of academic dishonesty are now retained in the Judicial Programs Office for three years from the date of final adjudication. These records are available to prospective employers and other educational institutions, in accordance with federal regulations. Notice has been sent to area and regional graduate and professional schools informing them of University disciplinary record policy. In short, any student committing any act of academic dishonesty will run a serious risk of harming his or her future educational and employment opportunities.

IV. Campus Advocate

Students wishing to report any act of academic dishonesty should call 454-4746 and ask for the "Campus Advocate." The Campus Advocate is a legally trained staff member who will investigate such reports referring them to the appropriate academic division. Students may provide information anonymously, disciplinary action, however, cannot be taken on the basis of anonymous reports alone.

The Campus Advocate is also available to assist faculty members in the development and presentation of academic dishonesty cases.

For additional information about the Campus Advocate and academic dishonesty dial 454-4636 and ask for Tel-Um tapes:

Guidelines to Administration for Examinations and Tests on Religious Holidays

Examinations and tests. All examinations and tests shall be given during class hours in accordance with the regularly scheduled (or officially "arranged") time and place of each course listed in the *Schedule of Classes and/or the Undergraduate Catalog*. Unpublished changes in the scheduling or location of class/tests must be approved by the department chairman and reported to the Provost. It is the responsibility of the student to be informed concerning the dates of announced quizzes tests and examinations

It is the policy of the University to excuse the absences of students that result from religious observances and to provide without penalty for the rescheduling of examinations that fall on religious holidays. Examinations and tests may not be scheduled on Rosh Hashannah, Yom Kippur, or Good Friday.* An instructor is not under obligation to give a student a make-up examination unless the absence was caused by illness, *religious observance* or by participating in University activities at the request of University authorities.

A make-up examination, when permitted, must be given on Campus, unless the published schedule and course description require other arrangements. The make-up examination must be at a time and place mutually agreeable to the instructor and student, cover only the material for which the student was originally responsible, and be given within a time limit that retains curency of the material. The make-up must not interfere with the student's regularly scheduled classes. In the event that a group of students require the same make-up examination, one make-up time may be scheduled at the convenience of the instructor and the largest possible number of students involved. Under the same guidelines students shall have equal access to all information and drills missed due to the reasons listed.

*For the academic year 1982-83, this means Friday, April 1 for Good Friday.

Tuition Waiver Policy

(Employee Spouse and Dependent)

The University Board of Regents has approved a partial tuition waiver policy for the spouse and dependent children of full-time University employees. The policy will provide a waiver of **one-third of the tuition charges only** for eligible students.

The Partial Tuition Waiver forms are available at each campus Personnel Department. The completed form is to be returned to the campus personnel office where the student's spouse or parent is employed for approval. The student copy of the approved form will be returned to the student and should be maintained.

If the student has preregistered, the tuition waiver credit will appear on the student's account prior to the first day of classes. The tuition waiver credit may not appear on the preregistration bill, as this posting is determined by the date the completed form is returned to the campus Personnel Department. If the student registers during the Armory or late registration periods, or adds additional courses during these registration periods, the student copy must be presented at the Bursar's Office Bill Adding Station (Armory Registration) to avoid paying the full tuition amount.

If the student receiving the partial tuition waiver drops classes or withdraws from the University and is eligible for a refund, the refund computations will be made in such a way as to return the maximum amount to the tuition waiver account.

Change of Address Procedure

Change in either local mailing or permanent address can be processed AT ANY TIME DURING THE SEMESTER IN WHICH THEY OCCUR. Address changes are posted to the computer by the Office of the Bursar. Address Change Forms are available at the following places:

1. Office of the Bursar, Address Unit, South Administration Building, Room 1121 or 1103, 8:30 a.m. to 4:15 p.m., Monday-Friday and until 6:00 p.m. on Wednesdays.

3. Deans' or Provosts' Offices, 8:30-4:30 p.m., Monday-Friday

Since many University communications to students are handled through the mail, it is imperative that accurate, and up-to-date addresses be maintained throughout the enrollment period. During the academic year the permanent address for currently registered students will be used for grade reports, combined preregistration schedules and bills, and other billings. The local address on file for currently registered students will be used for all other mailings. The permanent address on file for students not currently registered will be used for all mailings. Any student wishing his/her address to be kept confidential should contact the Registration Counter.

Golden Identification Card Program

The College Park campus participates in the University of Maryland's Golden Identification Card Program. The campus makes available various courses and services to persons who are 60 years of age or older by the first class day, residents of the State of Maryland and retired (not engaged in gainful employment for more than 20 hours per week). When persons eligible for this Program apply for the Program or are newly admitted to the Program, they may register for credit courses as regular or special students in any session.

Tuition and most other fees are waived. The Golden Identification Card entitles eligible persons to certain academic services, including the use of the libraries, as well as certain other non-academic services. Such services are available during any session only to persons who have registered for one or more courses for that session. A card is issued after registration. For further information, please contact the Registrations Office, North Administration Bldg. 454-5559.

Identification Cards

New Photo Identification Cards will not be issued to students who currently have them.

Students who preregistered for the Spring 1983 session will receive a new Registration Card along with their Class Schedule and Bill. This card will validate their Photo Identification Card. Both cards should be carried at all times.

Students who do not preregister will receive identification cards when they do register.

Together the Photo Identification Card and Registration Card can be used by all students to withdraw books from the libraries, for admission to most athletic, social, and cultural events, and as a general form of identification on campus. Students who have food service contracts must use the Photo Dining Services Card for admission to the dining halls.

There is a replacement charge of $1.00 for lost or stolen Registration Cards and $7.00 for lost, stolen, or broken Photo Identification Cards.

Questions concerning the identification system should be addressed to the Office of Registrations (454-5365).

Health Center

The Health Center is located on Campus Drive directly across the street from the Student Union. The Health Center provides primary care for the treatment and prevention of illness and injury. Health education and health promotion programs are also offered. Health Center services include the dental clinic, men's clinic, women's clinic, sports medicine, nutrition counseling, mental health, social services, health education, laboratory and a pharmacy.

The Health Center is open 24 hours seven days a week. Hours vary during semester breaks and holidays. Appointments are recommended, however, students are also seen on a walk-in basis.

All currently registered students who have paid the health fee are eligible for care. This fee covers most routine costs. There are additional charges for special services such as X-ray, laboratory tests, dental treatment, allergy injections, casts, and pharmacy supplies.

All information in student medical records is confidential. Medical information is released only with the student's written permission or court-ordered subpoena. The Health Center does not issue routine absence excuses for illness or injury. In cases of prolonged absence or a missed exam, with the student's signed permission, the Health Center will verify dates of treatment. Requests go to the social worker, X6752.

Important Health Center telephone numbers are: information X3444, appointments X4923, mental health clinic X4925, pharmacy X6439, health insurance X6750.

Experiential Learning Programs

0119 Hornbake Undergraduate Library, 454-4767

What is Experiential Learning?

Experiential Learning Programs (ELP) offers three of the University's most exciting learning opportunities. Each is designed to give students the practical job experience in their major field which is invaluable for career advancement.

Cooperative Education

Cooperative Education is ELP's most intensive "learn by doing" program. Undergraduates alternate two semesters of full-time, fully paid, career-related work with semesters of full-time study. UMCP Co-op is a fast-growing, popular program that places students from any major except engineering with the area's leading federal agencies and private companies, most of which offer them permanent jobs after graduation. Credit can be earned for Co-op, as well.

Volunteer Service/Learning

Using the ELP listing of opportunities in over 600 different organizations in the area, students can arrange unpaid, not-for-credit placements that enhance their potential while benefitting society.

Internships

An internship is a paid or unpaid work experience that can be granted academic credit. Students use the extensive ELP listings to find their own placements, then enlist a faculty member to evaluate and assign credit to the work experience. A learning proposal assures that all parties understand what is expected. Students considering an internship under 386/387 should refer to the description of Office of Experiential Learning Programs in Section 2 of the Undergraduate Catalog for information on the regulations governing enrollment in these courses.

Vehicle Registration

All students (except as noted below) who plan to attend the University during the Spring 1983 semester (whether they preregister or not) are eligible to register their motor vehicle during the appropriate periods outlined below.

WHO?

All students who operate a motor vehicle on the campus at any time must register that motor vehicle with the Motor Vehicle Administration Office on campus. All persons associated with the University must purchase and display a UMCP parking decal for current year.

Financial Information

Tuition, Fees and Other Expenses

ALL STUDENTS WHO PREREGISTER FOR THE SPRING SEMESTER INCUR A FINANCIAL OBLIGATION TO THE UNIVERSITY. Financial policy and fees are set by the University with the approval of the Board of Regents. The University of Maryland does not have a deferred payment plan.

It is the policy of the University *not* to defer payment of fees on the basis of a pending application for financial assistance to an outside agency. This includes Veterans Administration, banks, guaranteed student loan programs, etc.

Returning students will not be permitted to complete registration until all financial obligations to the University including current semester fees, library fines, parking violation assessments and other penalty fees and service charges are paid in full. If a student registers without proper financial clearance from the Office of the Bursar, his/her registration will be cancelled without further notice. If a student becomes financially ineligible after preregistering, his/her preregistration will not be processed unless and until his/her account balance is paid in full.

In addition, the State of Maryland has implemented a system whereby unpaid parking tickets issued on state property may result in the withholding of motor vehicle tags until such time as the tickets are paid.

Although the University regularly mails bills to students, it cannot assume responsibility for their receipt. Students are urged to obtain a copy of their financial account in Room 1103 of the South Administration Building if they are not certain their account is paid in full. This office is open from 8:30 a.m. to 4:15 p.m. Monday through Friday and until 6:00 p.m. on Wednesday. Students may also obtain their account balance by phoning 454-4832.

CHARGES INCURRED DURING THE SEMESTER ARE PAYABLE IMMEDIATELY.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check.

Students will be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. For a student who lives in on-campus residence halls, and who fails to fully resolve any outstanding balance, the severance of housing services means that (1) the student must leave residence halls, (2) the student's room is assigned to another student, and (3) the severed student may reapply for housing services, if the account is later satisfactorily resolved and other University services are restored, and be placed last on a waiting list for available on-campus housing spaces. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to preregister or register for subsequent semesters until the debt is cleared. In the event of actual registration in a later semester by a severed student who had not settled the student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester. For a student who is on board and who fails to resolve any outstanding balance, the severance of Dining Services means that the student will not be served meals until their student account is paid in full. No reimbursement will be made on meals not served during severance.

Severance Fee: $25.00. Students who fail to pay the balance due on their accounts will have their University services severed. In order to have the services restored, students will be required to pay the total amount due plus the $25.00 Severance Fee.

The State has established, under legislative mandate, a CENTRAL COLLECTIONS UNIT within the Department of Budget and Fiscal Planning. This campus has been instructed that all delinquent accounts must be transferred to the State Collections Unit.

ALL ACCOUNTS DUE FROM STUDENTS, FACULTY, STAFF, NON-STUDENTS, ETC. ARE INCLUDED WITHIN THESE GUIDELINES.

Collection Costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The minimum collection fee is 15% plus any attorney and/or court costs.

NOTE: BEGINNING THIS YEAR STATE CENTRAL COLLECTIONS UNIT IS AUTHORIZED BY STATE LAW TO USE AN INDIVIDUAL'S STATE INCOME TAX REFUND AS AN OFFSET TO PAY INDEBTEDNESS TO THE STATE OF MARYLAND.

No degree will be conferred, no grade issued, nor any diploma, certificate, or transcript of record issued to a student who has not made satisfactory settlement of his or her account.

Billing Information

Bills for payment of fees are mailed in December 1982 to students who received preregistered courses for Spring 1983. Since the University has no deferred payment plan, PAYMENT IN FULL MUST BE MADE NO LATER THAN JANUARY 10, 1983 BY BOTH PREREGISTERED AND REGULAR REGISTRATION STUDENTS. Accounts not paid by January 10, 1983 are delinquent and subject to referral to the State Central Collections Unit at Baltimore and/or cancellation of preregistration.

For student convenience, payment by mail is encouraged; however, payment also may be made at the Office of the Cashier, South Administration Building. Students may pay in person at the Office of the Cashier, 8:30 a.m. to 4:15 p.m. Monday through Friday, where they are required to present a Student ID Card with payment. Also students, if paying by personal check, may drop the payment in the Bursar's Mail Remittances hallway drop slot beside Room 1108, South Administration Building, at any time that the building is open. If a student uses the drop slot, the processed check will serve as a receipt. Be sure the Social Security number is clearly written on the check.

Periodically during the semester bills will be mailed to students reflecting charges incurred for parking tickets, library fines, course adjustments, etc. These bills are due ON RECEIPT. THE UNIVERSITY CANNOT ASSUME RESPONSIBILITY FOR THEIR RECEIPT.

Students who register during the Armory or late registration periods wil be required to complete full payment at the time of registration.

Students who have questions on their bills may obtain print-outs of their financial accounts by coming to Room 1103 of the South Administration Building between 8:30 a.m. and 4:15 p.m. Monday through Friday, and until 6:00 p.m. on Wednesday.

Each student is individually responsible for all of his or her fees and expenses. If a third party, such as an employer, agrees to pay these charges, the student is not relieved of his or her primary responsibility. In the event that such third party fails to honor its agreement, the University reserves the right to bill the students directly. Failure to pay this bill thereafter will result in the suspension of services to the student by the University and transference of the account to the State Central Collections Unit. WHEN A PAYMENT IS MADE TO THE UNIVERSITY, PAYMENT OF ANY OUTSTANDING BALANCE PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

FAILURE TO PAY OUTSTANDING DEBTS WILL RESULT IN SEVERANCE OF UNIVERSITY SERVICES, ADDING THE $25.00 SEVERANCE FEE, AND TRANSFER OF THE ACCOUNT TO THE STATE CENTRAL COLLECTIONS UNIT. A MINIMUM OF 15% COLLECTIONS CHARGES ARE ADDED AT THIS TIME.

CHANGES IN MARYLAND LAW ALLOW THE CENTRAL COLLECTION UNIT TO BLOCK ISSUANCE OF MARYLAND STATE INCOME TAX REFUNDS FOR INDIVIDUALS WITH DELINQUENT ACCOUNTS.

Financial Aid Information

Students on scholarships and grants are expected to maintain a semester credit load of 12 hours. Courses taken as "Audit" cannot be counted toward credit level. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University. Any student receiving financial aid who is contemplating dropping credits should see his/her financial aid counselor *before* taking such action.

Students sponsored by an agency or their employer remain responsible for their fees. When payment is not received by the University from the sponsor, the student will be charged.

Preregistered students' bills will be mailed. Students not preregistered will complete an estimated bill form at registration time. The following information may be helpful:

1. Financial aid (scholarships, grants, NDSL, & workships) will be credited to student accounts. A check for any balance remaining after charges are paid will be available for those students receiving financial aid. Students who did not preregister may pick up their financial aid checks in the Armory after securing add slips for at least 12 credits on January 20 or 21, 1983. Preregistered students may receive their checks in the Armory on January 24, 25, 1983. Before a check can be distributed, students must present proof of the required credit hours, their plastic transaction card or driver's license, and the preregistration bill sent to their permanent address. If an awarded financial aid has not been credited on the preregistered bill, deduct the approved FA amount for the semester, and pay the balance due.
2. Students who receive scholarships, grants, or loans after classes have begun and who have paid their Student Account for the award period must request a refund in writing from the Office of the Bursar. The refund will take approximately five to six weeks to process after the credit balance appears on the account and the refund request is received.
3. Other scholarships and grants paid to the University by an outside agency will be credited to the student's bill. (Exception — National Merit Scholarship checks will be available in the Office of the Bursar.)
4. Guaranteed Loan checks are distributed to students by the lending agency, except in those cases where the lending institution chooses to send the check to the University directly. These checks are to be picked up at the Office of the Bursar, Room 1103, South Administration Building. Before a check can be distributed, the student must present proof of registration for the required credit hours. Student identification such as the plastic transaction card or driver's license, and the preregistration bill if applicable, must be provided.
5. Dining Hall cash jobs will be paid bi-weekly to student as work is performed.
6. Dining Hall Workships (and other University Workships) will be credited to bill as designated in award letter.
7. College Work Study and other University student employment will be paid to the student bi-weekly as work is performed.
8. STUDENTS WHO RECEIVE A NATIONAL DIRECT STUDENT LOAN MUST SUBMIT PROPERLY EXECUTED PROMISSORY NOTES AND ASSOCIATED FORMS. The loan credit cannot be posted to the student's account nor a check disbursed if the student has not turned in these forms.
   A student who has not received final approval of a financial aid award and accepted the award should not expect a credit on his/her bill nor a check at the time of registration. No deferment will be granted and the student should be prepared to pay his/her bill by the first day of classes unless financial aid has been awarded and accepted by the student.

Deferments for repaying NDSL loans require that students be registered at least half time: undergraduate students — 6 credits; graduate students — 24 academic units.

9. Students on financial aid who withdraw during a semester will receive a letter of warning advising them that a second such withdrawal may cancel their eligibility for aid in subsequent semesters. Students contemplating a second withdrawal, whether consecutive or non-consecutive, should consult a Financial Aid Counselor prior to the withdrawal.
10. The University will only make adjustments to financial aid awards (due to an increase in the credit hours taken to maintain the required 12 credit hours) until the beginning of the next spring semester for students attending the fall semester and June 30 for students attending the spring semester.

Guaranteed Student Loan (GSL) Information

The normal processing time for a GSL application is 6 to 8 weeks. In order for your GSL check to be available by the Spring 1983 semester payment due date, you should have completed your loan application with your bank 6 to 8 weeks prior to January 10, 1983. Pending GSL applications and promissory notes may not be substituted in lieu of payment. The University does not have a deferred payment program and payments for Preregistered students for the Spring 1983 semester charges are due on or before January 10, 1983.

Withdrawal from the University

Cancellation of Housing/Dining Contracts is a separate process, see next column.

January 22 or later

1. All students should report to Room 1101, North Administration Building to complete a withdrawal form.
2. Withdrawal becomes effective on the date the form is filed with the Records Office. Stopping payment on a check does not constitute an official withdrawal.
3. Tuition credit will be initiated upon receipt of the Withdrawal Form. The percentage of credit is determined by the date the form is filed in the Records Office.
4. Refer to the chart below for refund information. Registration, Health and Athletic Fees are not refundable. A base figure of $478.50 for resident students and $1537.50 for non-resident students is used in computing the amount of the credit adjustment after January 21. Credit adjustments for housing services not utilized are based upon the date of completion of residence halls checkout procedures and not upon the date of withdrawal from classes.
5. Be certain to return all books to the library and clear all financial accounts at the Office of the Bursar, South Administration Building. Refunds for credit adjustments will be authorized after all student financial aid adjustments have been processed and any balance remaining on the account has been deducted.

*Students who have made no payment on their account at the time of withdrawal will be billed according to the above schedule.

Withdrawal and Refund of Fees

No part of the charges for room and board is refundable except when the student officially withdraws or is dismissed from the University or when the student effectively completes residence halls and/or dining services release procedures. When the student completes the residence hall release procedures, charge adjustment will be computed based upon the requested release date and/or the date procedures for checking out of a room assignment are completed. Credits for housing services are made on a pro rata weekly basis.

In computing refunds to students who have scholarships and loans from University funds, the computation will be made in such a way as to return the maximum amount to the scholarship and loan accounts without loss to the University.

A part-time or full-time undergraduate who drops MATH 001 will receive an 80% refund of the $85.00 fee if the course is dropped during the first five (5) days of classes and 0% thereafter. MATH 001 will still be counted in the determination of hours for full-time or part-time status, notwithstanding the refund policy.

A part-time or full-time undergraduate student who drops COOP 208, 209, or ENCO 408, 409 will receive an 80% refund of the fee if the course is dropped during the first five (5) days of classes and 0% thereafter.

Refunds

To obtain a refund of a credit balance, a STUDENT must request the refund in writing. This can be done by: (1; addressing a letter to: Office of the Bursar, University of Maryland, College Park, Md. 20742, or (2) completing a request for refund form available at the Student Counter, 1103 South Administration Building and Withdrawal Office, Registrations Office and Student Aid Office, North Administration Building. NO CREDIT BALANCE IS AUTOMATICALLY REFUNDED. Approximately five to six weeks is required from the time a credit balance appears on the account and a refund request is received until a check is mailed from: The State Treasurer's Office in Annapolis. THE CHECK WILL BE MADE PAYABLE TO THE STUDENT and mailed to the address requested by the student on the refund form. Refund checks will not be mailed to a campus address.

Withdrawal from Residence Halls and/or a Meal Plan

1. In order to receive a credit adjustment for the unused portion of a Resident Life or Dining Service agreement, a student must notify those offices in writing or in person.
2. The Dining Service I.D. Card must be turned in to the Dining Service Business Offices or $8.00 fine will be incurred.
3. A student who requests cancellation of his/her Dining Services Agreement must have the approval of the Department of Dining Services. If approved, there will be a $20.00 charge for cancelling the contract in addition to the prorated charge for meals.
4. The addresses of the Resident Life Office and Dining Services Office follow:

Assignments Office of Resident Life Room 3117 North Administration Building	Business Office Dining Services Room 0150 South Campus Dining Hall

5. Resident Life credit adjustments are based upon the date written notice of cancellation is received, and/or the checkout date from the residence hall and in accordance with the applicable procedures outlined in the Residence Halls Agreement. No credit adjustments may be processed after the fourteenth week of classes in a semester.

Academic Information

The changes in academic information described on the following pages became effective August 1973 and are applicable only to course work for August 1973 and after.

Retention and Graduation

The University has minimum requirements for retention and graduation. A complete statement of these requirements are located in the *Undergraduate Catalog*.

Outlined below are certain provisions of the ACADEMIC RETENTION PLAN. This material, which was prepared by the Undergraduate Advisement Office, is to assist you in schedule planning and schedule change. It is *not* meant as a substitute for a thorough reading of "Requirements for Retention and Graduation," as found in the *Undergraduate Catalog*.

Table 1

The College Park Retention Plan is based on (1) QUALITY POINTS *and* (2) CUMULATIVE AVERAGE. Here's how to compute both.

(1) QUALITY POINTS (Q.P.'s): For each semester, Q.P.'s are awarded for grades of A, B, C, D, P, and S.

A Q.P. is the *numerical equivalency* of a *letter grade*. Course Q.P.'s are obtained by multiplying these numerical equivalencies by the number of credits the course has. To figure how many Q.P.'s you have earned, or expect to earn, for each of your courses, use the following table:

Q.P.'s given for expected or actual grade		Number of Credits in The Course		Total Quality Points for the Course
	A = 4			
	B = 3			
	C = 2	×	=	
	P = 2*			
	S = 2*			
	D = 1			
	F = 0			

EXAMPLE: Semester Schedule of 15 Credits —

Course	*Grades*	*Credits Earned*	*Q.P.'s*
ENGL 101	C	3	6
MATH 110	B	3	9
ZOOL 101	A	4	16
EDIN 101	P*	2*	4*
PSYC 100	D	3	3

*These count only in figuring your Q.P.'s for the semester. They are not counted in your cumulative average.

(2) CUMULATIVE AVERAGE: Your cumulative average is based on TOTAL CREDITS which you've been assigned a Grade of A, B, C, D, or F — and the TOTAL NUMBER OF QUALITY POINTS you've earned for these courses. (See Note below for Repeated Courses.) Courses for which a Grade of "P" or "S" has been assigned are NOT included. To figure your cumulative average do the following:

NUMBER OF Q.P.'s EARNED ÷ NUMBER OF CREDITS ATTEMPTED = CUMULATIVE AVERAGE

EXAMPLE: Semester Schedule of 15 Credits (See Example Above)

Course	*Grades*	*Credits Attempted*	*Q.P.'s*	*Cumulative Average*
ENGL 101	C	3	6	
MATH 110	B	3	9	
ZOOL 101	A	4	16	Q.P.'s Earned — 118
EDIN 101	P	(2)	(4)	÷
PSYC 100	D	3	3	Credits Attempted — 40
	Current Semester Totals	13	34	=
	Previous Semester Totals	27	84	2.95
	Total Credits	40	118	

Note: If you repeat a course that you took in the Fall Semester, 1973, or any semester since then, count only credits and quality points for the higher grade received for that course when figuring total credits attempted and total quality points.

Table II

MINIMUM QUALITY POINT REQUIREMENT:

If, at the end of Schedule Adjustment Period (First 10 days of classes) you are officially registered for:

12 or more credits	11-9 credits	8-1 credits
You must earn for this semester a minimum of:		
24 Quality Points	22 Q.P.'s for 11 credits	
24 Quality Points (On grades of A, B, C, D, P, and S. Marks of F, W, and I do not confer Quality Points) Note: See Table III, below for exceptions	22 Q.P.'s for 11 credits 20 Q.P.'s for 10 credits 18 Q.P.'s for 9 credits	For part-time students there is no minimum quality point requirement. Note: If you have completed 45 credits, you must fulfill the cumulative average requirement, below.

CUMULATIVE AVERAGE REQUIREMENT:

If at the end of last semester, your total number of credits completed was 45* or more, then at the end of this semester you must have:

The Minimum Quality Point Requirement (Full-time Students — 9 or more credits) *and* A Cumulative Grade Point Average of 1.95 (Full-time *and* Part-time Students)

*On your grade report for last semester, add "hrs. attempt." and "transfer credit level" and pass-fail courses to see if you have 45 or more.

Credits completed with grades of A, B, C, D, and F, but not S, W, P or I will be used in the computation of the cumulative average.

If these requirements are not met, Academic Probation will result. Two consecutive or four non-consecutive semesters of Academic Probation will result in Academic Dismissal.

Table III

Are you registering at the College Park Campus for the *First Time?* If so, then here's what you need to earn in your first semester for the Retention Plan:

A. FULL-TIME FRESHMAN[2] with no more than 8 credits earned through prior college/university	B. FULL-TIME TRANSFER[3] STUDENT with 44 or fewer credits accepted for transfer —	C. FULL-TIME TRANSFER STUDENT with 45 or more credits accepted for transfer —
18 Q.P.'s	18 Q.P.'s	1.95 Cumulative Average

Note: To meet this requirement, students registering for 12 or more credits would have to earn at least 24 Q.P.'s. Students registering for 9 credits would have to earn 18 Q.P.'s; 10 credits — 20 Q.P.'s; 11 credits — 22 Q.P.'s.

[2](i.e., students registered for 9 or more semester hours)

[3]"Full-Time Transfer Student" includes students transferring from other University of Maryland campuses. Grade Point Averages, Semester Hours Attempted, Semester Hours Earned, and Quality Points from the other campus(es) are included in all College Park calculations.

Marking System

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W (Instructors are not permitted to change a grade of "W".) These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Office, that an actual mistake was made in determining or recording the grade.
2. The *mark of A* denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages a mark of A will be assigned a value of 4 quality points per credit hour.
3. The *mark of B* denotes good mastery of the subject. It denotes good scholarship. In computations of cumulative or semester averages a mark of B will be assigned a value of 3 quality points per credit hour.
4. The *mark of C* denotes acceptable mastery. It denotes the usual achievement expected. In computations of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.
5. The *mark of D* denotes borderline understanding of the subject. It denotes marginal performance, and it does not represent satisfactory progress toward a degree. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.
6. The *mark of F* denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.
7. The *mark of P* is a student option mark, equivalent to A, B, C, or D. (See PASS-FAIL option.) The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computations of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The *mark of S* is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.
9. The *mark of I* is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned by the instructor. It is the student's responsibility to request arrangements for completion of the work. An "Incomplete Contract" should be drawn up between student and instructor outlining these arrangements. A copy of this is to be filed in the Department Office. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal (equivalent to W). Exceptions to the time period cited above may be granted by the student's Dean or Divisional Officer upon the written request of the student if circumstances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student, make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through registration for the course or through the technique of "credit by examination." In any event this mark shall not be used in any computations.
10. The *mark of W* is used to denote that the student withdrew from a course in which he was enrolled at the end of the Schedule Adjustment Period. For information and completeness, the mark "W" is placed on the permanent record by the Registrations Office. This mark shall not be used in any computation of quality point or cumulative average totals at the end of the semester. However, this mark does not change the minimum number of quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
11. *Audit.* A student may register to audit a course or courses in which space is available. The notation AUD will be placed on his transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.
12. Students are advised to refer to the *1982-1983 Undergraduate Catalog* for a complete statement of the *Procedures for Review of Alleged Arbitrary and Capricious Grading* adopted by the Board of Regents on March 12, 1982, effective with the Fall, 1982 semester.

Credit by Examination (Undergraduate Students)

1. Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or can be prepared by the department granting the credit.
2. It should be noted that CREDIT BY EXAMINATION MAY NOT BE TAKEN TO SATISFY ANY COURSE IN WHICH ONE HAS BEEN REGISTERED BEYOND THE SCHEDULE ADJUSTMENT PERIOD INCLUDING ANY RETROACTIVE DROPS OR WITHDRAWALS.
3. When standardized CLEP (College Level Examination Program) examinations are available, they may be used. Students who wish to consider taking an examination to establish credit, through a particular department or CLEP, should consult the Director, Special Advising Programs in the Undergraduate Advising Center.
4. Any student may take a course by examination by obtaining an application form from Dr. Helen Clarke (Room 1117, Hornbake Library), paying the requisite fees, and taking the examination at a time mutually agreeable to the student and the department offering the course.
5. The applicant must be formally admitted to the University of Maryland. Posting of credit, however, will be delayed until the student is registered.
6. Application for credit by examination is equivalent to registration for a course. However, the following conditions apply:
   A. A student may cancel his application at any time prior to completion of the examination with no entry on his permanent record. (Equivalent to the schedule adjustment period.)
   B. The instructor makes the results of the examination available to the student prior to formal submission of the grade. Before formal submission of the grade, a student may elect not to have this grade recorded. In this case a symbol of "W" is recorded. (Equivalent to the drop procedure.)
   C. No course may be attempted more than twice.
   D. The instructor must certify on the report of the examination submitted to the Registrations Office that copies of the examination questions or identifying information in the case of standardized examinations, and the student's answers have been filed with the Chairman of the department offering the course.
7. Letter grades earned on examinations to establish credit (if accepted by the student) are entered on the student's transcript and used in computing his cumulative grade point average. The quality points earned on credit by exam are not counted in the current semester's quality point total. A student may elect to take an examination for credit on a "Pass-Fail" basis under the normal "Pass-Fail" regulations.
8. Undergraduate students may earn by examination no more than half the credits required for the degree.
9. Fees for Credit by Examination:
   A. Fees for CLEP (College Level Examination Program) and other standardized examinations:
      (a) Fees for these examinations are determined externally and are not altered by the University. Credits earned by taking such examinations are treated as transfer credits.
   B. Fees for University administered examinations to establish credit:
      (a) All undergraduate students are charged $30.00 for each course examination regardless of the number of credits. This fee is paid upon application for the examination and is not refundable regardless of whether or not the student completes the examination.

Undergraduate Pass-Fail Option

1. An **undergraduate** who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Provost, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the College Park campus credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

NOTE: Changes of grading option (e.g., Regular to PASS-FAIL) may be processed only during the first ten days of classes.
GRADUATE — Not eligible for the PASS-FAIL grading option.

COMMENCEMENT HONORS

Honors for excellence in scholarship are determined by the highest 2% Summa Cum Laude, the next 3% Magna Cum Laude, and the following 5% Cum Laude of the G.P.A.'s of the preceding three graduating classes of each degree granting unit. To be eligible for this recognition, a total of at least 60 semester credits earned at the University of Maryland is required. Of these 60 credits, at least 30 credits must have been earned at the College Park campus. No student with an average of less than 3.00 will be considered. (The computation of the average does not include grades for courses taken during the last semester of registration before graduation, although the hours earned for that semester will apply toward the 60-hour requirement.)

Foreign Language Placement

Arts and Humanities Requirements: If a student has had three years of one foreign language or two years in each of two foreign languages as recorded on his/her high school transcript, he or she is not required to take any foreign language in the division, although he or she may elect to do so. However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

Classics Department: Students who have had Latin in high school are encouraged to work at the highest level of which they feel capable. The departmental advisor, Professor John Duffy (Jimenez Hall Room 4211) will help students identify the appropriate courses in which to enroll. Normally students with less than one year of high school Latin take LATN 101. Those who enter with a full year of high school Latin register for LATN 102; with two full years, LATN 203. College credit is given to students who have earned a 3, 4, or 5 on the Advanced Placement Test in Latin.

French Department: A departmental placement exam will be given to *all* students registering *for the first time* on this campus for French language courses in the basic and intermediate sequence (100 level and 201 and 211). The examination will be administered in the language laboratory of the Language Media Center during the week prior to preregistration, during preregistration and during registration week from 8 a.m. to 3 p.m. The exam may be taken during those hours at the student's convenience. Students should take this examination before registering so that they may be placed at the proper course level. Results will be available in the Department of French and Italian, room 3106D. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam. Meanwhile, those wishing to register *prior* to taking the exam may find the following guidelines helpful: French 101 for those with less than two years of French; French 103 or 104 for those with two years or more. *Do not register for 102 unless you have had French 101 on this campus.* As French 101, 103 and 121 (Accelerated French I) treat similar material, credit will normally be granted for *only one.* "Audit," however, is permitted. Likewise, credit will normally be granted for French 104 *or* French 122 (Accelerated French II), but not for both. Again, the option of "Audit" remains open.

Spanish Department: Students who have had at least two years of high school Spanish, and who wish to continue to resume their study of that language, are urged to take the placement exam if (1) they feel uncertain of their ability to take Spanish 203 or (2) they wish to be exempted from Spanish 203. Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's placement exam. A student with two or more years of high school Spanish may take Spanish 101 for credit provided he or she has the permission of the department. Students who feel uncertain of their ability to take Spanish 203 may choose to take Spanish 103 (a one semester review course) without taking the University placement exam. If a student has credit for 101 & 102 he or she may not receive credit for 103 also. Spanish students placing in 103 must complete 203 to satisfy the divisional language requirement. Students placing in 203 are required to complete 203 only. Students placing above 203 or who have taken the equivalent of 203 at another institution, are deemed to have satisfied the language requirement.

German and Spanish Placement Exam Schedule:
During the semester there will be placement testing in Room 0106, Shoemaker Building. To be admitted for testing, students must have a picture I.D. Testing during Registration will be Tuesday, January 12 and Wednesday, January 13 at 3:00 p.m. in the Testing Room, Shoemaker Building. Bring a picture I.D. in order to be admitted. All other times call R. Williams (x2931) for appointment.

General University Requirements (G.U.R.)

Students who began baccalaureate study prior to May, 1980 may elect to complete these requirements rather than the University Studies Program requirements. (See page 19.)

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replaced the General Education Requirements. Students enrolled in the University prior to August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. *All students first entering the University in August 1973 or after must complete the new General University Requirements.*

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

1. At least 6 credits must be taken in each area. At least 9 of the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (See Pass-Fail Option).
   Area A: 6-12 hours elected in the Divisions of Agricultural and Life Sciences; Mathematical & Physical Sciences & Engineering.
   Area B: 6-12 hours in the Divisions of Behavioral and Social Sciences; Human and Community Resources.
   Area C: 6-12 hours in the Division of Arts and Humanities.
   In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisors for guidance in determining which courses in each area best fit individual needs and interests.
2. New freshman students who entered the University during Summer Session, 1978, or who were admitted for Fall semester, 1978, must complete six credits of English composition. The specific required courses are ENGL 101 *and* ENGL 391 or 393. Exemptions based on SAT-VERBAL scores and ADVANCED PLACEMENT scores are allowed. Questions about exemptions for individual students should be referred to the English Department, extension 4160.
   Only three credits of the required six credits in English Composition may be applied toward fulfilling General University Requirements. When used, these three credits may be *in addition to* the twelve-credit maximum in Area "C." None of the composition credits, however, may be used to satisfy the minimum six-credit requirement for Areas "A," "B," "C," *or* the nine-credit upper division requirement.
   The English Department strongly advises entering freshmen to fulfill the first composition requirement during their first year of coursework. Since junior standing is a prerequisite for ENGL 391 and 393, students should register for the second semester of composition only after having earned fifty-six semester hours of credit.
   To further define "area" this chart has been prepared by the Advisor's Workshop. On the chart is listed the prefix of all courses offered on the College Park campus. The prefixes are listed according to which area (A, B, or C) of the General University Requirements they will meet.

NOTE: Students who began baccalaureate study after May, 1978 must complete the English composition requirement specified in the Fundamental Studies section of the University Studies Program (see page 19). Only three hours of this six hour requirement may be used to satisfy General University Requirements.

The University Studies Program

Virtually all American colleges and universities ask that students receiving a baccalaureate degree complete a common set of requirements. These common requirements are usually referred to by the generic term "general education." General education requirements represent a faculty's definition of the knowledge, awarenesses and skills that all graduates should possess before that faculty will give its consent to the awarding of a degree. General education is that portion of the degree requirements in which the entire faculty has a concern.

The University Studies Program is the general education requirement at the University of Maryland, College Park. This program must be completed by all students beginning baccalaureate study after May, 1980. It is intended to provide students with the intellectual skills and conceptual background basic to an understanding of the universe, society and themselves. The focus is not on any particular bodies of knowledge, for almost any subject matter can lead to an awareness of general modes of understanding the world. Thus, for example, it does not matter whether the student studies physics or botany as long as he or she comes away from the course with some understanding of the power of the empirical investigation that characterizes science.

The University Studies Program has three parts. The "Fundamental Studies" section of the program is intended to establish the student's ability to participate in the discourse of the university through demonstrated mastery of written English and mathematics. Those requirements are to be completed early in the student's program in order to serve as a foundation for subsequent work.

The "Distributive Studies" requirement is intended, through study in particular disciplines, to acquaint students with the different ways of analyzing and talking about the world that characterize the three areas into which the university's knowledge is traditionally divided: the physical and biological sciences, the social and behavioral sciences, and the arts and humanities. The fourth category, "History and Culture," includes courses that lead to the consideration of historical and cultural differences and the relationship of our own society to those of other times and places.

In fulfilling "Distributive Studies" requirements, students will have gained some experience of the way in which scholars in different kinds of disciplines make and organize observations about the world and arrive at general statements. It is the purpose of "Advanced Studies" courses to show how these different intellectual approaches compare with each other or may be used in complementary ways to analyze and solve problems. "Development of Knowledge" courses deal with the basis upon which people who use these different approaches claim to know something and the different kinds of insights to which these intellectual strategies lead. "Analysis of Human Problems" courses consider these matters in terms of specific cultural, social, scientific or aesthetic problems which may be approached from several points of view.

The University Studies requirements, designed to be spread throughout the student's four years, represent a third of the total academic work required for graduation. It is the purpose of this program, in combination with the extensive work of the major, to help prepare students to become productive, aware and sensitive members of society, capable of understanding their world and the many kinds of people in it and of taking responsibility for their own decisions and their own lives.

Outline of the Program

These requirements are effective for students entering in May, 1980 and thereafter, with 8 or less credits from this or any other institution. Students with 9 or more credits from this or any institution prior to May, 1980, may elect this program or the old General University Requirements.

I. FUNDAMENTAL STUDIES — 9 credits (Except for ENGL 391 or 393, must be completed by the time student has completed 30 credit hours).
   A. English Composition — 6 credits
      1. ENGL 101 — 3 credits
         a. Students with the SAT verbal below 330 take ENGL 101A.
         b. Students with AP score of 4 or 5, or SAT verbal of 600 or above are exempt.
         c. Students who achieve a score of 51 or above on the CLEP Subject Examination College Composition (with essay questions) are exempt.
      2. ENGL 391 (Junior Level Expository Writing) or 393 (Technical Writing) — 3 credits
         a. Must be taken *after* student has completed 56 credit hours (i.e., has reached junior standing).
         b. Students with SAT verbal 700 or above or A in ENGL 101 or AP of 4 or 5 are exempt.
   B. Mathematics — 3 credits
      MATH 110 (or the modular equivalent MATH 102-3-4) or MATH 115.
      1. Students with the following minimum examination scores or higher are exempt:
         a. SAT(600
         b. College Board Achievement Tests in Mathematics, Level I or II: 600
         c. Advanced Placement Examinations, Calculus AB or BC: 3
         d. Any CLEP *Subject* Examination in Mathematics: 60
      2. Successful completion of any of the following higher level entry courses than MATH 110: MATH 111, 140, 141, 150, 151, 220, 221, 240, 241, 246, 250, 251; STAT 100, 250.

II. DISTRIBUTIVE STUDIES — min.: 24 credits
   A. Culture and History (min.: 6 credits, 2 courses)
   B. Natural Sciences and Mathematics (min.: 6 credits, 2 courses)

   C. Literature and the Arts (min.: 6 credits, 2 courses)
      Courses must be taken in two different departments.
   D. Social and Behavioral Sciences (min.: 6 credits, 2 courses)

III. ADVANCED STUDIES — 6 credits
   This requirement may be fulfilled only *after* the student has completed 56 credit hours. It is intended that, in fulfilling this requirement, students choose courses that offer a contrast to the major rather than supplementing it. Courses to fulfill these requirements must be from *two different* units outside the department of the student's major.
   A. The Development of Knowledge (1 course, 3 credits)
      Courses which focus on the creation, discovery, exploration, testing and evaluation of knowledge in one or more disciplines.
   B. The Analysis of Human Problems (1 course, 3 credits)
      Courses which focus on the application of knowledge from one or more disciplines to the study of important human problems.

A course taken to satisfy divisional, college, major, and/or supporting area requirements may also be used to satisfy University Studies Program (USP) requirements if it appears on the following list of approved courses for USP.

Courses chosen to meet DISTRIBUTIVE STUDIES requirements and ADVANCED STUDIES requirements may be taken on a PASS-FAIL basis. Since certain USP courses which are also used to satisfy divisional, college, major, and/or supporting area requirements may NOT be taken PASS-FAIL, students are urged to see an advisor before selecting this grading option. Courses used to satisfy USP FUNDAMENTAL STUDIES requirements may NOT be taken using the PASS-FAIL grading option.

ADVANCED STUDIES: Approved Courses Spring, 1983 Offerings

The courses described below have been approved for Advanced Studies credit and are being offered in the Spring semester 1983. Many other courses have also been approved and will be offered in subsequent semesters. A list of these courses and their titles follows the Spring course descriptions.

DEVELOPMENT OF KNOWLEDGE

ASTR 300 — STARS AND STELLAR SYSTEMS. Studies the properties of stars both individually and in aggregate. Some questions addressed are: How can we determine the properties of stars, including the conditions in the deep interior? How does a star change with time and how can this be checked when the evolution occurs on a scale of hundreds of millions of years? What finally happens to stars — white dwarfs, supernovae, neutron stars and black holes? How do we deal with physics in extreme conditions? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ASTR 330 — SOLAR SYSTEM ASTRONOMY. Studies the components of the solar system and the properties and evolution of the system as a whole. Some questions addressed are: How can one set up a comparative scheme for studying the planets? Why are the makeup and state of the planets so different? How can very recent data e.g. the Voyager data on the satellites of Jupiter and Saturn be fitted together to make a coherent pattern? How can various pieces of information be fitted together to determine how the solar system formed and how it evolved? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

ASTR 340 — GALAXIES AND THE UNIVERSE. Studies the large scale structure of the Universe and its major components, the origin and evolution of the Universe. Some questions which are addressed are: How can we determine properties of extremely distant objects? Why do we believe the Universe is evolving and how can we find out about conditions at the earliest epochs? How do we interpret data from outside the visible light range and how do we use this to study such objects as giant radio galaxies, exploding galactic nuclei and quasars? Prerequisite: ASTR 100 and the completion of Natural Sciences and Mathematics requirement.

ASTR 380 — LIFE IN THE UNIVERSE. Studies the astronomical perspective of the probability of life existing elsewhere in the Universe. Some questions to be addressed are: How can we assess the astronomical scene to determine whether other solar systems exist and what conditions are likely to prevail there? What are the conditions necessary for life to arise? How can one test for the presence of life elsewhere? If there is life elsewhere, how can we communicate with them? Prerequisite: ASTR 100 and completion of Natural Sciences and Mathematics requirement.

CLAS 470 — ADVANCED MYTHOLOGY. The literary and artistic versions of selected myths (Herakles, Odysseus, the House of Atreus, Jason and Medea, Aeneas) will be compared and contrasted, and comic and tragic viewpoints explored. The survival and transformation of these myths in post-Classical literature, art, and music will be explored. Readings will also include modern interpretation of myth, for example, cultural, allegorical, structuralist, and psychological. Prerequisite: CLAS 170 or permission of instructor.

ECON 402 — BUSINESS CYCLES. Examination of the growth patterns of the American economy and how computer models can be used to represent the structure of the economy and to analyze how fiscal and monetary policies affect economic performance. Modeling techniques will be illustrated by allowing the student to use and modify an existing computer model in class. A computer background is not required. Prerequisite: ECON 430.

EDMS 451 — INTRODUCTION TO EDUCATIONAL STATISTICS. Introduction to Statistics is designed for the student interested in the application and interpretation of statistics to a variety of problems in the social sciences (e.g., education, nutrition, science, criminology). Students are taught specific statistical techniques (e.g., mean, variance, t-tests) as well as critical appraisal of the strengths and limitations of those techniques. Prerequisite: completion of the Social and Behavioral Sciences requirement.

An opportunity to examine your own style of learning through self-report instruments and how you function in different learning environments through direct experiences and reflection. Prerequisite: completion of Social and Behavioral Sciences requirement.

ENGL 379A — STUDIES IN MYTHMAKING. Examines mythic thinking and figuration as ways of organizing and dealing with the world, and as modes of creative perception far removed from our present mode of logical, rational analysis of data. The course explores the major themes, concepts, and archetypal figures of the Finnish *Kalevala*, the Welsh *Mabinogion*, and the Norse *Eddas* and then compares them to Tolkien's *The Silmarillion*, a secondary, imaginative mythology addressed to a modern audience. Prerequisite: two lower level English courses.

ENGL 453 — LITERARY CRITICISM. Studies the problems of linguistic meaning and knowledge, especially as they involve literature. Around the question of "what is literature?" the course explores the nature of a text, the validity of interpretation, and, in general, the relationship between reality, language, and the literary work of art. Signification, truth, and the act of reading are considered in the process of examining the nature and value of literature. Prerequisite: two lower level English courses.

GERM 479B — LANGUAGE AND SCIENCE. When does a discipline become a science? How is something as amorphous, abstract, "soft" as language studied scientifically? This course focuses on the recent history of the study of language (linguistics) as an example of the maturation of a "science." The basic principles and methodology of modern linguistics are studied with an eye toward understanding the influence of modern scientific methodology on traditional "soft" sciences and, conversely, appreciating the importance of the study of language for modern science. Prerequisites: completion of either natural science and math or social and behavioral sciences requirement as well as some experience with linguistics or foreign language learning.

GVPT 441 — HISTORY OF POLITICAL THEORY: ANCIENT AND MEDIEVAL. A survey of the principal theorists set forth in the works of writers from Machiavelli to J. S. Mill. A more detailed course description will be available in the GVPT office (2181 LaFrak Hall) at regular registration. Prerequisite: GVPT 100.

GVPT 442 — HISTORY OF POLITICAL THEORY: RECENT AND MODERN. A theory course designed to introduce students to some of the central figures in western political theory since the fifteenth century. Through readings of the original texts and class discussion, the student will confront some major problems that have preoccupied political philosophers such as Machiavelli, Hobbes, Locke, Rousseau and Marx. Special attention will be given a discussion of "What is human nature?" and "What is the relationship of the individual to the state?" Prerequisite: GVPT 170.

PHIL 308B — PHILOSOPHY OF BEAUTY. Reviews the literature on beauty and related values (the sublime, the exquisite, the graceful, the harmonious) from Plato to the 20th century, culminating in a contemporary theory which ranges over beauty both natural and man-made, whether sensuous, intellectual or moral. Makes a serious effort to develop an intelligible basis for aesthetic judgements, including an explanation of why there is so much disagreement. Course work includes student projects of aesthetic discernment and evaluation. (Not open to students having taken PHIL 330 with Brown.) Prerequisite: two art courses or one philosphy course.

PHIL 308C — PHILOSOPHY OF ART. Studies the concept of art in the broad sense covering painting, sculpture, music, poetry, and architecture (and arguably other things). Reviews the long development and the current vexed condition of the concept; considers especially the role of knowledge of various sorts and in various senses in the emergence of the "fine arts"; also the phenomenon of the avant-garde and the so-called disintegration of the concept of art in recent times. Ends with the current art scene including both fine and popular, major and minor, mainstream and fringe arts and art works, attempting to develop a theory of art which does justice to the variety of artistic phenomena. Not open to students having taken PHIL 330 with Levinson. Prerequisite: one philosophy course or two courses in the arts (as defined above).

PHIL 310 — ANCIENT PHILOSOPHY. Major Greek philosophers through Aristotle, studied in the context of the intellectual revolutions in classical Greece that have shaped western thought ever since. The contrast between mythological and scientific explanations, the emergence of philosophy as a separate discipline, the idea of scientific knowledge, criteria for separate sciences and the possibility of a metaphysical science, interplay between scientific developments and philosophical theories, the creation of logic, and moral theory. Prerequisite: one philosophy course.

PHIL 408B — PHILOSOPHICAL ISSUES IN ART HISTORY. Examines methodological problems which arise when art historians mobilize art-historical means (ranging from the eye of the connoisseur to laboratory tests) to achieve the goals of the discipline: discriminating authentic works, fixing dates and authorship, reconstructing artistic context, determining artistic meaning and purpose, uncovering influences, and charting and accounting for developments of style. How far can art-historical conclusions and interpretations be scientific? Or objective? Or value-free? Or free from the historical conditioning by the historian's time and culture? Which limitations of art history as we know it are a matter of incomplete evidence and which are structural in the discipline itself? Prerequisite: two courses in art history, or else one such course together with a course in philosophy of art (PHIL 330/308C), or consent of instructor.

PHIL 447 — PHILOSOPHY OF LAW. A primary objective of this course is to do critical philosophical thinking about law in general and about law as it applies to particular types of behavior. For example, we will be interested in knowing whether there is an area of private behavior that is beyond the proper authority of the law to limit or regulate; whether legislators properly have the authority to forbid certain actions on grounds that the actor would otherwise be likely to do irrational and self-harming things; and whether there is a defensible rationale for assigning legal liability for damage negligently caused. Other issues in the philosophy of law are: the nature of a legal system; legal reasoning; and the various connections between law and morality. Readings from philosophers and jurists in *Philosophies of Law*, Feinberg and Gross (eds.). Prerequisite: one philosophy course.

PHIL 451 — SCIENTIFIC THOUGHT II. A critical survey of modern science and its philosophical interpretation, centering on the scientific revolution of the sixteenth and seventeenth centuries, the emergence of the "mechanical philosophy of nature," and the gradual decline of that viewpoint extending into the early twentieth century. Throughout, relations to developments in philosophy and other areas of human thought will be emphasized. Prerequisite: three courses in science or philosophy.

PHIL 455 — PHILOSOPHY OF THE SOCIAL SCIENCES. Scientific investigation of human beings in their social and psychological lives gives rise to a number of philosophical puzzles. Do social and psychological phenomena require different methodologies and scientific standards than those employed in the natural sciences? How adequate are the various disciplinary and methodological approaches encountered in the social sciences? What are the relative merits of "grand theories" vs. "middle range" ones? How objective are various standard social science research techniques? These and other issues will be considered in the context of specific social science research studies as well as in the abstract. Prerequisite: one course in philosophy or two courses in the social sciences.

PHIL 456 — PHILOSOPHY OF BIOLOGY. Examines the nature of biological systems, the adequacy of biological theories, and the sort of reasoning which is used in discovering new biological theories. Is there anything unique about biology that marks it off from the physical sciences, or can it ultimately be reduced to physics and chemistry? Are living things mere bundles of molecules? Is contemporary theory of evolution predictive, testable, and well-supported by the evidence? What is the relation of contemporary theory of evolution to Darwin's theory of natural selection? Prerequisite: PHIL 250 or one course in biological science.

PHIL 458 — HISTORICAL AND CONCEPTUAL FOUNDATIONS OF MATHEMATICS. Examines the response of mathematicians to three great "crises" in the development of mathematics. In Greek mathematics, the discovery of "incommensurable magnitudes," the banishment of infinity, and the primacy of geometry; in the 16th and 17th centuries, the introduction of "infinitely small quantities" and controversies over calculus; toward the end of the 19th century, development of the fundamental concept of analysis, the "arithmetization of mathematics," non-standard analysis, irrational and other types of numbers, set theory, and controversies about the foundations of mathematics extending to the present. Throughout, the relevance of these topics to physics and philosophy will be noted and explored. Prerequisite: one year of calculus.

PHYS 420 — PRINCIPLES OF MODERN PHYSICS. A one semester introduction to the major revolutions in twentieth-century physics: the special theory of relativity and quantum mechanics. The experimental evidence and the changes in our understanding of the universe that they produce will be examined, including such topics as the Lorentz transformation and relativistic dynamics, the uncertainty principle, atomic spectra, Schroedinger's equation, spin, and quantum statistics. Appropriate for engineers and scientists. Prerequisite: PHYS 263 or 294, or PHYS 404, 405; and MATH 241 and 246.

PHYS 421 — INTRODUCTION TO MODERN PHYSICS. The first half of a one-year course dealing with the most important developments in twentieth-century physics. Includes a review of the special discovery of relativity, and a discussion of quantum mechanics, its foundations, and its application to one-electron atoms. The second semester continues these discussions, with applications to complex atoms, molecules, solids, nuclei, and elementary particles. Appropriate for scientists and engineers. Prerequisite: PHYS 294; MATH 241, and some knowledge of ordinary differential equations.

ANALYSIS OF HUMAN PROBLEMS

AEED 323 — DEVELOPING YOUTH PROGRAMS. The problems (interests and concerns) of youth today are complex. What kinds of nonformal (out-of-school) educational programs exist to serve youth? Are these programs adequate? Could they be improved? How? This course 1) analyzes youth's personal and program needs outside schools, 2) examines how programs are developed, and 3) explores present policy options and future predictions regarding youth, nonformal education, and society. Students will undertake an indepth study of a self-selected youth problem or related issue and engage in a needs assessment of the clientele being served (or not being served) by specialized youth programs. Prerequisite: EDHD 306 or PSYC 100 or SOCY 100 or SOCY 105.

Although the course is technical in nature, the concern is with the impact of technical innovations and change on people in the developing world. The course is designed to provide students with the knowledge necessary to articulate the role of the crop sciences in the alleviation of world hunger, and to recognize the necessity for an interdisciplinary approach to the solution. Prerequisite: An introductory course in plant science (AGRO 100, BOTN 101, or equivalent).

Prerequisite: ECON 201 and 202.

CNEC 431 — THE CONSUMER AND THE LAW. A study of legislation affecting consumer goods and services. Topics covered include product safety and liability, packaging and labeling, deceptive advertising, and consumer credit. The implications of such legislation for consumer welfare with particular emphasis on the disadvantaged groups in our society will be examined. This course covers typical consumer problems such as: What should be the government response to tampons, if they cause toxic shock syndrome? Should prescription drugs carry patent package inserts? What are the obligations of landlords to providing decent living conditions? What is the legal effect of a disclaimer of a warranty? How should the government regulate mail order sales? Can a consumer reject an automobile which turns out to be a "lemon"? These questions are analyzed on both a theoretical and on an applied level, with consideration of economy and social costs and benefits. Prerequisite: Completion of Social & Behavioral Science requirement.

Authors include Gide, Malraux, Sartre, Camus, Beckett. Works are analyzed primarily as a reflection of philosophical ideas and historical events that have led to an awareness of the absurd and the formulation of an existentialist outlook. All work in English.

GERM 489G — HONOR AS A THEME IN WESTERN LITERATURE. This course traces the development of the concept of honor from public reputation for bravery, wealth, and power to a private virtue of honesty, integrity, duty, and moral fortitude. Observing what poets and philosophers throughout the ages have had to say about honor will help the student understand his own feelings of pride, shame, self-esteem, and duty. The readings, all in English, are taken from English, Spanish, French, and German literature. Prerequisite: a course in literature or cultural anthropology.

GVPT 432 — CIVIL RIGHTS AND THE CONSTITUTION. A constitutional law course with two objectives. First, it is a practical course designed to help students learn about their own civil rights and civil liberties as American citizens. Second, the course is designed to introduce the student to various approaches to the study of public law, political science orientations, the use of case studies andhypothetical problem solving, and developmental perspectives. Substantively, the course deals with criminal due process rights, free expression and religious liberty, sex and race discrimination. The semester culminates with the presentation of a "moot court" and a field trip to the United States Supreme Court to hear "oral argument" (when it can be arranged). Prerequisite: GVPT 170 and 431.

HIST 313 — AUTHORITY AND FREEDOM: A PROBLEM IN WESTERN CIVILIZATION. In this course, we will be examining the problem of the moral responsibility of the individual to the surrounding society in which that person lives — and to himself herself. The question of where one's moral responsibility to society ends and when one's duty to follow one's own conscience begins will be the major theme of the course, as well as the question of how it is that individuals arrive at such a point of conflict with the authority of the community. No simplistic answers to these questions will be offered.

We will be looking at three basic areas: 1) the problem of individual expression and dissent in the heavily traditional societies of the ancient Mediterranean world; 2) the mechanics of obedience, and the attempt to dissent, in modern totalitarian states (Nazi Germany; the Soviet Union); 3) American ideals and experience. Prerequisite: one history course.

HIST 316 — CRISIS AND CHANGE IN LATIN AMERICA: SLAVERY AND RACE RELATIONS. This course attempts to help students understand the similarities and differences in the slave systems and the parallel racial tensions that developed in the Americas since the sixteenth century. Students are required to prepare analyses of successful and of unsuccessful decisions on their own area of primary interest. Prerequisite: one course in philosophy.

PHIL 446 — LAW, MORALITY AND WAR. Issues in international law and morality relating to war: 1) moral issues as to going to war: aggression, self-defense, preventive war, reprisal, assertion of the right of self-determination or national liberation, humanitarian intervention, pacifism; 2) rules of war and their moral foundation: war versus massacre, combatants and noncombatants, treatment of prisoners; 3) prohibited or restricted weapons, nuclear, chemical and biological; 4) guerrilla warfare and terrorism; 5) war crimes and their punishment. Prerequisite: PHYS 112 or 122, or equivalent.

SOCY 498A — MEDICAL SOCIOLOGY. The central issue of concern about health care in the United States focuses on health care delivery, particularly the inflated costs and the maldistribution of services. This course will look at health care and its relationship to the social system in which it takes place. We will examine the relationship between social factors and health; the seeking and use of health services; the profession of medicine including the physician, nurse and paraprofessional; the place of the hospital; the financing of medical care and more. Emphasis will be placed on the health care delivery system and how all these elements come together to influence who receives medical care, where, when and what kind of care; also what the consequences are for the individual and the society. Advisement Information

Advisement

UNDERGRADUATE — Advising is an essential part of an undergraduate's educational experiences at the University of Maryland. From orientation to graduation, it can provide the kind of concerned assistance that helps students better understand their purposes for "being in college."

For most students, advising is not required. This allows individual students to decide, on the basis of personal circumstances and needs, whether or not to see an advisor. There are some groups of students, though, who *must* obtain advising assistance. These include:

NEWLY ADMITTED FRESHMEN AND TRANSFER STUDENTS, STUDENTS ON ACADEMIC PROBATION, STUDENTS SEEKING REINSTATEMENT AFTER DISMISSAL OR WITHDRAWAL, and STUDENTS NEARING SENIOR STATUS.

Undergraduate students at the College Park Campus are encouraged to use the many advisement opportunities that are available to them. At all academic levels — divisional, college, and departmental — at least one person has been designated to coordinate advising. A list of these persons, providing name, room number, and telephone extension is published each semester in the *Schedule of Classes*. Students who are unable to locate an advisor or who have questions about campus advising programs should visit or call the Undergraduate Advising Center, Room 1117 Hornbake Library, 454-2733 or 454-3040.

GRADUATE — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

Credit Limits

UNDERGRADUATE — limited to **19 semester hours**
Any exceptions must be approved by the Dean or Provost. Forms for this purpose will be available in the Dean's or Provost's Office and should be turned in with Registration materials.

GRADUATE — limited to **15 semester hours**

GRADUATE STUDENTS WITH A TEACHING OR RESEARCH ASSISTANTSHIP — limited to **10 semester hours**

Full-Time Status

Effective August 1973, official status (either full-time or part-time) *for academic purposes* will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE — Full-time — Registered for 9 or more semester hours at the end of the Schedule Adjustment Period. Note, however, that students on scholarships and grants are expected to maintain a semester credit load of 12 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

GRADUATE — Full-time — Registered for minimum of 48 graduate *units* at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS WITH TEACHING OR RESEARCH ASSISTANTSHIP — Full-time — Registered for minimum of 24 graduate *units* at the end of the Schedule Adjustment Period.

INTERNATIONAL STUDENTS — Full-time status for international students is discussed on page 9

Table for Computing Graduate Units

University Policy on Disclosure of Student Records
(Buckley Amendment)

The University of Maryland adheres to a policy of compliance with the Family Educational Rights and Privacy Act (Buckley Amendment). With certain limitations, this Act requires and it is the policy of the University:

(1) To permit students to inspect their education records
(2) To limit disclosure to others of personally identifiable information from education records without student's prior written consent
(3) To provide students the opportunity to seek correction of their education records where appropriate.

Prior consent will not be required for disclosure of educational records to school officials of the University of Maryland who have been determined to have legitimate educational interests.

Certain information has been designated "Directory Information" and will be disclosed without prior consent unless a student files written notice. Directory information consists of:

- Name
- Address
- Telephone Listing
- Date and Place of Birth
- Photograph
- Major Field of Study
- Participation in Officially Recognized Activities and Sports
- Weight and Height of Members of Athletic Teams
- Dates of Attendance
- Degrees and Awards Received
- Most Recent Previous Educational Institution Attended

Students who wish to limit the disclosure of Directory information or wish access to their official records should obtain the appropriate form at the Registrations Counter, North Administration Building, and return the completed form to the Registrations Counter. Head yourself in the right direction.

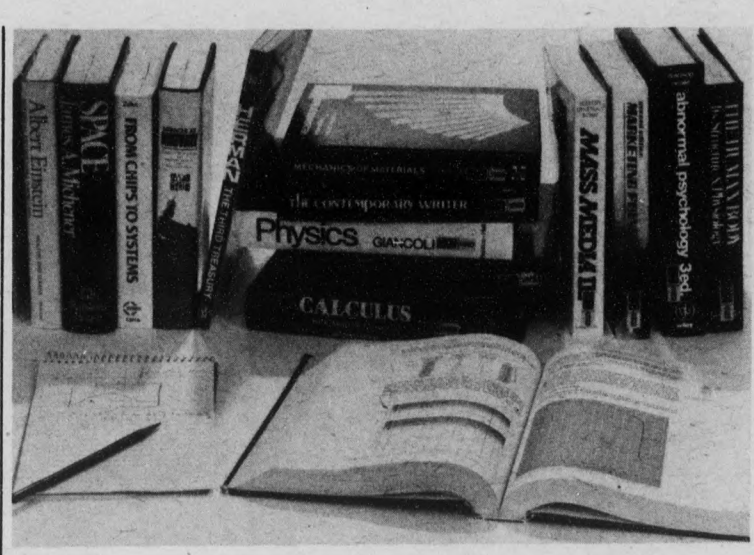
Start out in the textbook department. We have all the required texts for all UMCP and University College courses. Not only is this convenient, but we can actually save you money if you buy **used books** for your classes. Then, at the end of the semester, we'll even buy them back from you. Sound interesting? Read on.



With over 70,000 titles in our general book department, you'll find a lot of interesting, entertaining reading. Over 70,000 titles means many different subjects from classics, cooking, children's books, and business to best-sellers, sports, science, study guides, and gift books.
It's a most impressive collection, but if you're after a book that's not in stock, just ask us to order it for you; we can order virtually any book in print.

In the stationery, art and engineering departments the shelves are full of the necessities and all the accessories to make life easier and help get the job done.
